

Breath of Life Social Distancing Guidelines

Due to the on going events of COVID-19, we are taking extra precautions in our office to ensure a safe and healthy environment for our patients.

- Upon entering the office, you will be asked to check your temperature. If you have a temperature of over **100°F**, you will be asked to return to your home.
- When coming in, please ensure there is "6 feet distance" between you and any other patient. We are allowing no more than 5 people in the office at a time, so you may be asked to wait in your car or on the gym side until there is room.
- We are taking extra precautions in sanitizing everything between patients. Dr. Kyle is wiping down tables in between each person and he will also change the face paper for you.

Please respect these guidelines and other peoples personal space by corresponding with the 6ft rule. Failure to comply with these guidelines, you may be asked to leave.
